

## PARIS GREEN IN WATER AT M'COWN'S FARM

**Dastardly Deed Discovered Early  
Friday Morning Before Animals Had Drank**

Some scoundrel placed paris green in a spring and pool in a pasture on the farm of Messrs. A. K. and T. C. McCown on the Red House pike, three miles from Richmond Thursday night. Luckily the gentlemen discovered the poison before any animals had a chance to drink of the water, which would, of course, have caused almost instant death. There is no clew as yet to the perpetrator of such a dastardly act, but everything is being done to discover him and bring him to justice.

Tom McCown went to the spring with a mule to water him Friday morning, and noticed the green looking matter in the water; he then went to the spring and found the same there. He reported the matter to his father. They scraped out a lot of it and brought it to town at once and Pharmacist Beecher Adams, of Stockton & Son's drug store, made a chemical analysis of it, and quickly found it was Paris green, in sufficient amounts to kill an entire herd of cattle. Fortunately Mr. McCown's cattle were in another pasture. There were two cows and a couple of horses in the field where the spring and pool are located, and none of them had drank any of the water, it seemed.

Mr. McCown and his friends are naturally greatly incensed over such a deed. If McCown had any enemies he does not know it, and there is much mystery connected with this affair.

## BAPTISTS HOLD FINE SESSION AT UNION

The churches of the association showed by their reports that all are in splendid condition. The Association enthusiastically endorsed the raising of its apportionment of \$2,000 for the great Seventy-Five Million Dollar Campaign of Southern Baptists. It was decided to hold next year's meeting with the Corinth church in Clark county, on Wednesday after the second Sunday in September, 1920. Dr. C. M. Thompson, of Winchester, will preach the introductory sermon.

(By Associated Press)  
Pittsburg, Sept. 19.—The headquarters of the national committee for organizing the iron and steel workers, was a busy place today, preparing for the strike of steel workers next Monday. Organizers were given instructions and sent out to mill communities in this district. Secretary Foster said he wanted it made clear that the strike was called against every iron and steel mill and blast furnace in the United States not working under union agreements. There is much speculation as to the number of men who will strike. Union leaders could give no figures and none are forthcoming from corporation sources. The United States Steel Corporation claims that only fifteen per cent of its employees are members of unions.

Suit was filed in Madison county circuit court here by Attorney G. Murray Smith representing Mrs. C. C. Davis, of Lakeland, Fla., against the U. S. Railroad Administration and the L. & N. Railroad Company for \$5,000 damages. Mrs. Davis, in her petition claims that she was a passenger from the south July 31st on the through train which reaches Richmond about four o'clock in the morning; that when she attempted to leave the Pullman car in which she was riding that she found the door was locked, and was unable to discover either porter or conductor; when about a half mile beyond Richmond she claims that she found the conductor and demanded that he back the train to Richmond and let her off. ## ORA HACKETT BUYS JAS. NOLAN FARM

The splendid farm of the late Capt. James Nolan was sold at auction Wednesday, to Mr. Ora Hackett at \$110.17 an acre. The place, which is located 10 miles from Richmond on the waters of Muddy Creek, near Union City, is an attractive country home, and was considered a bargain. The sale of live stock and personalty was successful in every way. A pair of mules was bought by Mr. James McKinney at \$187 for one and \$146 for the other. Corn was sold to Mr. Hayden Turpin at \$7.25 a barrel. Byrd Broadus paid \$100 for a milk cow. Lewis Brandenburg bought the cattle a week previous to the sale.

Farming implements brought splendid prices. "Uncle John" Shearer was at his best and that means that he got the high dollar if it was there.

### The Calvary Revival

The services at the Calvary tent last night were very impressive one. Evangelist Tolle preached a touching sermon from the text: "And the boil shall sweep away the refuge of lies, and the waters shall overflow the hiding place." Isa. 28:17. He said in part, that we are constantly trying to excuse ourselves for sinning. From the Garden of Eden to the town of Richmond this old story has come.

There are three false refuges: the refuge of good intentions; the refuge of Godless morality; the refuge of a nominal religion.

The tent meeting will continue morning and evening through Sunday. In case the wind storm should continue so as to make it unsafe under the tent, the meeting will be held in the store house used by the Calvary church.

## COURT OF APPEALS TO HONOR BURNAM

**Prominent Lawyers of State To  
Draft Resolutions On Death  
of Distinguished Jurist**

Judge E. C. O'Rear, of Frankfort, this week, appointed the following named lawyers to draft a suitable memorial to the late Judge A. R. Burnam of Richmond, Ky:

Judge J. P. Hobson, of Frankfort.  
Col. John R. Allen, of Lexington.

Hon. W. B. Smith of Richmond.  
Judge E. C. O'Rear, of Frankfort.

Hon. Charles H. Rhodes, of Danville.  
Hon. J. A. Sullivan, of Richmond.

Judge A. P. Humphrey, of Louisville.

Judge J. H. Hazelrigg, of Frankfort.

A report from this committee will be heard at an early meeting of the Bar Association.

The Lexington Leader Thursday had the following editorial tribute to Judge Burnam:

The passing of Judge A. R. Burnam, of Madison county, recently chronicled, removed from the professional and political life of Kentucky a fine example of that type of splendid manhood which unfortunately is not so frequently found as it once was.

This is not necessarily a reflection upon the character of men, broadly speaking, who are dominant in civic and governmental affairs today. But somehow or other, either our recollections of men like Judge Burnam and his distinguished father surrounded them with peculiar reverence and esteem, or the exactions and competitions of modern life compel the average man of this age to submerge some of those higher qualities which in other days influenced so profoundly the lives of the people.

Judge Burnam was an eminent lawyer, a man of high ideals and a lofty patriot. In his public service he would have resented with positive indignation any suggestion that he directly or indirectly use the power conferred on him by the people for selfish ends of any nature whatsoever. He belonged to that school of statesmanship which is founded upon the theory that "public office is a public trust," a sacred commission to be cherished and protected, rather than capitalized and besmirched by political intrigue and selfish ambition. Unfortunate indeed, it is, that these ideals are not more common today.

## COLLINS-HARLAN CONCERT SCORES HIT

The opera house was packed to capacity Thursday evening in response to invitations issued by Muncy Brothers, who brought two renowned singers to Richmond. Messrs. Collins and Harlan kept the audience guessing from the beginning of the concert until the final number.

A beautiful Edison phonograph which was borrowed from Jailer Burgess, for the occasion, was placed on the stage, and the artists stood at either side, and at times would give voice to the opening lines of some song, and then suddenly their lips were still, but the song kept flowing on. They proved beyond a doubt that no difference existed between the living artists and the recreation of the new Edison phonograph.

The program which was offered for the evening was pronounced by all in attendance to be one of the best ever given in this city, and words of congratulations and many thanks was extended the Muncy boys for bringing such a splendid concert to Richmond.

## DR. McVEY TO SPEAK HERE MONDAY NIGHT

The local Kentucky Memorial Building Committee met last evening at the court house with representatives of the different churches, some of Kentucky's foremost educators and a representative of the local American Post Legion. At this meeting a definite course was outlined for carrying on the Kentucky Memorial Building Campaign in Madison county next week.

The campaign opens Monday with a public mass meeting at the court house at 8 p. m. Kentucky's chief educator, Dr. Frank L. McVey, President of the University of Kentucky at Lexington, will deliver the principal address. In his address he will detail information on the proposed \$300,000 Kentucky Memorial Building. This subject is of vital interest to every Kentucky citizen and they should need no coaxing to make their presence conspicuous.

Dr. McVey needs no introduction to Madison county citizens, having spoken in May, at the Convocation of County Superintendents at the Eastern Kentucky Normal school. Richmond feels honored, indeed to have a speaker of such national note to speak here.

At last night's meeting it was decided to ask thorough the Daily Register that the country pastors please announce the mass meeting from their pulpits, Sunday and the principals and teachers of the country to also, please spread the good word.

## GREAT COMMUNION SERVICE SUNDAY

**At First Christian Church Sunday  
Will Prepare the Way For  
Violette Meeting**

A great communion service is being planned at the First Christian church next Sunday which it is expected will be attended by the largest number of members in the history of the church. Every member of the church is being urged to be present, except in cases of illness and in such cases, the elders of the church and the minister will administer the communion in the homes during the afternoon.

Families are being requested to sit in family groups and many of the young men who have recently returned from the service will be in the audience in such groups for the first time. Mrs. Pickels and her chorus are arranging special music for the service and Mr. Carpenter is to speak on a theme appropriate to the occasion.

It is expected that this service will prepare the way for the Violette meeting which is to begin the following Sunday. Everything is being put in readiness for this meeting. The religious census of the city was taken this week. Forty-two young people of the church put the census on in three hours Thursday afternoon.

## LEXINGTON MAN GIVES REASONS FOR HIS BELIEF

**Johnson Thinks Benefits Gained  
Justify Glowing Tribute  
Paid Trutona**

Lexington, Ky., Sept. 18.—"Because of relief I've gained I feel that I'm justified in saying that Trutona gave me more benefits than any other medicine I've taken," Russell Johnson, 66 years old, retired furniture dealer and well known Lexington resident of 605 South Lime Stone street, said recently.

"For many years I've been troubled with constipation," he continued. "I had taken laxatives constantly. I would become so dizzy at times that I could hardly get around. I was nervous and restless at night—so bad I couldn't sleep. Headaches bothered me constantly."

"The relief I've gained in Trutona has caused me to hope that others will try the new medicine and become convinced as I have. My bowels act with clocklike regularity now; I don't experience the dizzy spells any more and my appetite is much better than before. I'm glad to recommend Trutona."

Mr. Johnson has voiced the opinion of thousands of people who have tried Trutona and found the perfect tonic to be unsurpassed as a reconstructive agency as well as a most successful combatant of stomach, liver and bowel troubles, nervousness, sleeplessness, and the like.

Trutona is now being introduced and explained in Richmond at H. L. Perry & Son's.

### Mr. Vaughn, Farmer Tells How He Lost All His Prize Seed Corn.

Rats got it all—how beats me, but they did because I got 5 dead whoppers in the morning after trying RAT-SNAP." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Douglas & Simmons, Stockton & Son, Richmond; Welch Dept. Store, Berea; Hervey & Woods Paint Lick, Ky. 242—tf
